

## SUFFRAGE VOTES ONE-DAY STRIKE THROUGHOUT CITY

Forty-four Women's Organizations in Favor—Plan Relief Fund.

## WILL CALL "STAYOUT" WITHIN FIVE WEEKS

Believe Move Will Silence Forever Old Anti "Place-In-Home" Argument.

"Our idea in having a one-day women's strike in New York City is to spike for all time the big 'anti' gun," "Woman's place is in the home!" said Mrs. Norman de R. Whitehouse yesterday after a meeting of the Empire State Campaign Committee at 303 Fifth Avenue.

Thirty women's clubs and organizations, both social and industrial, were represented. They voted in favor of the strike, and fourteen clubs sent in letters urging it.

"We know that the 'anti' will call us lawless for advocating what will amount to a tie-up of industry for one whole day, for you must remember that one-third of the women of voting age in New York State work outside the home and that they are employed in all but three trades. We do not desire to cripple industry or inconvenience employers," Mrs. Whitehouse continued, "but we cannot see any way to avoid those unpleasantnesses and yet make a strike which will prove our point. We are merely trying to show that the phrase 'Woman's place is in the home' really has no meaning under modern conditions, and our method of proof will be to have women stay, for one day at least, right where the 'anti' say their place is."

The strike of women will be called either during the last week in September or the first week in October. The idea to keep up the demonstration for a week was not looked upon favorably by the committee because the intention of the suffragists is not to interfere with industry, but merely to show the theorist to a realization of the change in modern conditions that forces women to go out of the home whether they will or not.
